

White Paper No. 1 Summary

- The SWMMWW is not allowed to be used under SCC 30.63A.110
- The SWMMWW is not allowed under Snohomish County's Stormwater Management Program (SWMP) Plan
- PDS's own policy from 2010 does not allow applicants to "Cherry Pick" which stormwater design manual they wish to follow.
- PDS must revoke vested project permits designed under older stormwater manuals not under construction and require them to be re-designed under the current code.
