

Volunteer Opportunities

North Creek Forest – Bothell Friends of the North Creek Forest has work parties most Saturdays, removing invasives, planting native plants, and restoring this beautiful forest which was recently saved from development.

Check out their website at: <http://www.friendsnorthcreekforest.org/newsdonate.html>

Grace Cole Nature Park - Lake Forest Park the third Saturday of each month, there is a work party at Grace Cole Nature Park. Work involves plantings, some transplanting of native plants, and removal of invasive species.

TOOLS & DRESS - Some tools will be provided, but if you have your favorite tools (loppers, pruners, gloves, etc.) please bring them. Dress for the weather. We'll be on high ground primarily.

LUNCH - Lunch usually will be provided. Please bring a refillable water bottle to reduce waste.

LOCATION - 30th Ave NE and 165th NE Street. Go south on 28th from NE 178th in Lake Forest Park and drive about 1/2 mile until just before the road turns.

You'll see Grace Cole Nature Park on your right. Great progress is being made to eliminate the Ivy from Grace Cole Nature Park at these large work parties which are a collaborative effort between the Stewardship Foundation and the Friends of the Cedar River Watershed.

Please call Mamie for more info on the next upcoming work party: 206-364-4410.

Around the Sound - Ongoing

Puget Sound Partnership ECO Net Members with volunteer opportunities.

Website / Blog development

Sno-King Watershed Council is looking for a volunteer with an interest in watershed protection, who is willing to perform website and/or blog development for our organization. Duties would include updating the format, layout, and content of the website, and developing a blog to contain updates on grant opportunities, news from member organizations, and other topics of interest.

For more information, e-mail Eric Adman at snokingwatershedcouncil@gmail.com, or call 425-780-9731.
